

## Home Learning Year 2 Miss Shimmin Week 2

### Literacy

- Try and complete daily phonics activities. This can be through games such as eye spy (using letters or sounds), active learn online (using log in provided in packs), reading their school book, complete a 'twinkl phonics mat' or online apps such as phonics play and alphablocks.
- Diary entry- Write a short paragraph about each day, using your neatest handwriting. Your diary entry could include who you've seen, what you have been up to or what films you've watched! After you have written your diary entry, read over it to check you've included capital letters, finger spaces and the correct punctuation.
- Pick 10 high frequency words from your pack provided. Try and write these in your cursive handwriting, put these words into a sentence and then take part in a spelling quiz at the end of the week and see how many you get right 😊
- Complete Reading Paper 1 with somebody in your household. Ask and answer questions based on what has been read and even think of your own questions to ask the adults in your house just like mini teachers!
- The Alphabet Game- We really enjoy playing this game in Year 2! First, write the alphabet down the side of a piece of paper. Then each player has to think of a topic or subject. After that, see if you can write one down for each letter of the alphabet. For example, Animals- Ant, Butterfly, Camel, Dog etc.
- <https://learnenglishkids.britishcouncil.org/games/abc-countdown> Also see how fast you can put the alphabet into the correct order!

### Numeracy

- Practise your 2 and 5 times tables. This can be accessed through timestable rockstars. Numbots can also be accessed through this using your child's timetable rockstar username and password.  
<https://www.timestables.co.uk/times-tables-grid/>
- Practise and complete reasoning and problem solving questions using the past papers provided in the home learning packs.
- Shape Hunt- Carry out a shape hunt, identifying both 2D and 3D shapes in your household. See how many different shapes you can find in your garden too!
- Money- Collect all the coins in your house! Look at the coins, sort and group them into different categories (colour, edges) Then create both addition and subtraction number sentences using the coins. (55p - 25p =)

### Other

- Art- Using your drawing skills, sketch a portrait of somebody in your household. If you could bring it back into school to show me, that would be great 😊
- Sense's walk- Walk around your garden and your house and write a list of all the things you can see, smell, touch, hear and taste!
- Purple Mash- There are tasks that have been set and these can be completed online using your Purple Mash Log in provided in your home learning packs.
