

Year 6 Home Learning - Week Commencing 22/06/2020

Hello everyone,

I hope you are all keeping well and are keeping safe. This week some of Year 6 will be returning to school so this week's home learning will be in reflection with what we are doing in school. I have been in contact with Upholland, Lathom and Ormskirk High School regarding transition and what to expect in September. I will be working with the children in school to discuss concerns and have been given further information and videos from the Year 7 heads of year. If your child is not coming back to school yet, but would like more support regarding transition into Year 7, please email me and we will organise further support for your child.

This week's work will evolve around mindfulness and dealing with their emotions. It would be great if parents/guardians could talk with the children during the tasks.

We will also be starting a new book this term, 'Kaspar: Prince of the Cats', which will fit around our topic 'Titanic'. I will upload the first two chapters that we will be reading this week alongside the guided reading task.

National Oak Assemblies

<https://classroom.thenational.academy/assemblies/>

The ONA are also delivering weekly assemblies for all children. They will include special guests and inspirational speakers which might help you through this difficult time.

Thankyou

Miss Mills

PE

Online – One the school website you can find fun lessons to keep you fit and healthy from our sports partnership! Keep moving!

<http://www.moorside-academy.co.uk/physical-activity-programme/>

Wellbeing

- **Keeping a gratitude diary** - each day write down some things that you are grateful for and why. This could be as small as your favourite breakfast or a member of your family. You could also use '3 Good Things' app to record daily achievements and gratitude.
- **Limit the amount of time spent on social media, games and your mobile phones.** Try to do something that can help you to relax, including: reading, sketching/drawing or listening to music with your family.
- **Listen to some relaxing music** before you go to bed to ensure a good night's sleep.
- **Have a look at our school website** for links to helpful mindfulness apps to help relax.
- **Joe Wicks PE** - every morning you could take part in some exercise. This will help to keep you active.
