

Home Learning Year 2 Week 14

Hey Year 2,

I hope you are all okay and are keeping safe at home 😊 Below are some activities you could complete to keep yourselves busy! Don't forget to log in to Purple Mash and Bug Club online, I love seeing how hard you are all working at home. Here is my email if you would like to send me anything that you manage to complete- zshimmin@moorside-academy.co.uk Take care! Miss you all so much! Miss Shimmin 😊

Literacy- Phonics Try and continue to complete daily phonics activities during your time at home. This will help so much with your reading and writing. This can be through games such as active learn online (using log in provided in packs), reading your school book, complete a 'twinkl phonics mat' or online apps such as phonics play and alphablocks. Happy Reading!

Spellings This week I would like you all to learn about **Homophones**. Homophones are words that sound the same but are spelt differently and have different meanings. 'Their', 'they're' and 'there' are homophones that often confuse people. 'Their' means it belongs to them, e.g. "I ate their sweets." 'They're' is short for 'they are' e.g. "They are going to be cross." 'There' refers to a place, e.g. "I'm going to hide over there." Here is a video to explain it even more! Try and write a couple of sentences with all the different homophones in! Have fun!

Numeracy- Times tables

Try and continue to practise your 2, 5 and 10 times tables. This can be accessed through timestable rockstars. Numbots can also be accessed through this using your child's timetable rockstar username and password. <https://www.timestables.co.uk/times-tables-grid/>. Have a go at practising your 3 times tables too. Remember this will help when you are a big junior in Year 3. Here are the numberjacks to help you too! <https://www.youtube.com/watch?v=1OPTfVcoCO4>

Arithmetic 😊 Here are some arithmetic questions that you can complete. Some might get a little bit tricky so ask an adult at home for some help.

21 + 4 =	6 + 3 + 3 =	60 + 70 =	13 - 7 =
2 + 9 =	4 × 2 =	86 - 30 =	7 × 10 =
65 + 29 =	90 + 8 + 2 =	7 × 4 =	2 × 10 =
50 - 30 =	3 × 3 =	9 + 9 =	31 - 21 =

Time Practise learning and reading the time at home with an adult. Try and recognise o'clock, half past, quarter to/past and 5 minute intervals. You could play 'mini teacher' and both find and give times to anybody in your household. Snappy Maths has a range of free games, worksheets, videos and resources linking to time. Have fun! <http://www.snappymaths.com/other/measuring/time/time.htm>

Purple Mash

Log into Purple Mash using the log in from your home learning pack and complete this week to do tasks.

- 1) Party Invitations
- 2) Diary entry about your time at home!

Free access to home learning websites 😊

Here are two websites where you can choose any subject that you wish to learn about and access a daily lesson or virtual session on these. Here you will find a Year 2 teacher who will model learning, set tasks and mark alongside you.

Don't Forget There's A Summer Reading Challenge!

This amazing creative writing competition is back for an incredible 10th year. If you like writing stories and fancy winning some awesome prizes, this is the competition for you! What is the Summer Reading Challenge? The Summer Reading Challenge takes place every year during the summer holidays.

summerreadingchallenge.org.uk

PE and Mindfulness

Don't forget there are a range of activities set up by our schools 'Sports Partnership' on our main school website page. I hope you all joined in and had fun on Tuesday for the 'Danceathon'. Here is a breathing activity to complete for about 15 minutes at day. This will help you to sleep, calm down and feeling better on the inside. 😊
