

Year 5 Home Learning - Week Commencing 13/07/2020

Hello year Five, time is certainly flying by! I hope you are all keeping well and are getting out and about a bit more, now that lock down has eased a little. You are all amazing and I can't wait for September to see you all. In school, we have been busy getting all your new books and classrooms ready. I have been sorting your writing files and they are fantastic, I couldn't be prouder of each and every one of you, for all your hard work and wonderful learning!

I hope you are managing to keep your brains active with some lessons at home! There are lots of learning resources to dip into, including The National Oak Academy Website. It would be fantastic if you could continue with maths and English each day. The lessons for this week can be accessed in week **ten** as we started a week later than the launch and have also had the scheduled school holidays in between. The maths this week focuses on shape and moves on to exploring the properties of circles. The writing focus is newspaper reports, you can explore the features and then apply them to write your own report.

I have attached a mindfulness finger labyrinth, which is super for relaxation, use your right hand to trace the path and then if you fancy a challenge, try it with your left! Little activities like this will help to keep you positive and your mind healthy.

The science focus continues with Electricity, learn about different energy sources and what materials are conductors and insulators. Keep fit with Joe and don't miss this week's Assembly which goes intergalactical! Explore life on mars and more! Ant and Dec also make an appearance to talk about the importance of the NSPCC.

I have also attached a PSHCE link to a great website where you will find stories, games and quizzes all about valuing and saving money. <https://www.valuesmoneyandme.co.uk/>

If you are finding your year group too challenging (on Oak Academy) in a particular subject, you could choose to have a go at the previous year group.

'The Bitesize website,' has now expanded to offer additional help for children and their parents. New Maths and English lessons will be

available every day for all ages. These will be created with resources from Bitesize, other parts of the BBC and other education providers. The content of these lessons will be backed up by new videos, practice tests, educational games and articles. Regular lessons on other core subjects, including science, will also be available. Mums and dads can get advice on how to teach anyone who is home-schooling and the Bitesize website will also have guides for children with SEN (special educational needs). <https://www.bbc.co.uk/bitesize/articles/zn9447h>

Here is another very good resources.

<https://classroomsecrets.co.uk/free-home-learning-packs/>

Remember to use all the excellent resources to build on your fantastic knowledge and skills!

You can also continue with your times tables, reading and spelling. Remember to continue to use the useful links. Keep up the good work and remember the importance of our values which bind us together.

Oak National Academy <https://www.thenational.academy>

Parents/carers, this will take you to the curriculum map which will give you an overview of learning. <https://www.thenational.academy/wp-content/uploads/2020/04/OAK-Curriculum-overview-week-1-1.pdf>

The website launched on the 20th April which was week one and where the first weeks learning is. Because teaching is sequential, it is best to start at week one then continues to follow that sequence, we are on **week 10 this week**, but remember you can pick up where you left off!

Go to website <https://www.thenational.academy>

Click Online Classroom

Click Schedule

Click Year Five (start at week one and then move on to three etc)

Click Day of week

Click subject

Click Start Lesson

Then, it is really easy to follow teaching.

Maths

<u>Activity</u>	<u>Focus and Resource</u>	<u>Helpful Links/Websites</u>
Times Tables	Continue to test your TT! Complete the challenges on the websites and in your tables pack.	www.trockstars.com also available as a free app. www.theschoolrun.com lots of fun activities www.purplemash.com Remember to use your maths book too!
Maths	Shape	https://www.thenational.academy To describe the properties of diagonals of quadrilaterals. To identify, describe and classify 3D shapes, based on their properties. To recognise 2D representations of 3D shapes. To recognise, describe and build simple 3 D shapes. To illustrate and name parts of a circle. Five lessons – 1 hour each wk10

English

<u>Activity</u>	<u>Worksheets Included</u>	<u>Helpful Links/Websites</u>
Weekly Spellings	We have worked our way through the spellings on the year 5/6 statutory word list so I have attached a New resource so you can begin looking at spelling rules in more detail.	www.purplemash.com Learn the words from your new list , which explore the rule 'l' before 'e' except after 'c' and others. If you are not sure of the meaning of new vocabulary, check in a dictionary. Deceive, conceive, receive, perceive, ceiling, receipt, believe, mischief, retrieve, achieve. Remember to find your own strategy to help you to learn the words that are challenging you!
Grammar and Punctuation	Continue with the grammar activities in your packs.	When you mark your grammar, use your writing book to make up your own sentences applying the grammar feature you found difficult, for example, relative clauses beginning with who, which, where, when, whose, that or with an implied (i.e. omitted) relative pronoun. Each week there is a Grammar lesson within the Oak Academy resources.
English	Genre Focus: Newspaper Report	https://www.thenational.academy Reading Comprehension – Newspaper Report. Reading Comprehension – Skills. Identifying the key features of a Newspaper Report. Spelling and Grammar – Direct and Indirect speech. To use key features in order to write a newspaper report. Five lessons – 1 hour each wk10
Reading	Read, read, read! Books, comics, magazines.	If you are unsure about a word, use a dictionary online to help you.

	Remember you have lots of comprehensions to complete in your home pack, remember to use the PEE strategy!	
Bug Club	Log on to keep reading if you have finished your home reading books.	www.activelearnprimary.co.uk
Science	How do we produce energy? What are insulators and conductors?	https://www.thenational.academy Explore electricity further, finding out about different energy sources and what materials are conductors and insulators. Week ten, Monday and Wednesday
PHSCE	Mindfulness finger labyrinth.	Use your right hand to trace the path of the labyrinth and then if you fancy a challenge, try it with your left! Little activities like this will help to keep you positive and your mind healthy.

Wellbeing

- **Keeping a gratitude diary** - each day write down some things that you are grateful for and why. This could be as small as your favourite breakfast or a member of your family. You could also use '3 Good Things' app to record daily achievements and gratitude.
- **Limit the amount of time spent on social media, games and your mobile phones.** Try to do something that can help you to relax, including: reading, sketching/drawing or listening to music with your family.
- **Listen to some relaxing music** before you go to bed to ensure a good night's sleep.
- **Have a look at our school website** for links to helpful mindfulness apps to help relax.
- **Joe Wicks PE** - every morning you could take part in some exercise. This will help to keep you active.
<https://www.youtube.com/channel/UCAxW1XT0iEJo0TYIRfn6rYQ>
- Joe is also on the Oak Academy too.
