

# # LotsOfSocks

# WorldDownSyndromeDay

17<sup>th</sup> March 2021

World Down Syndrome day is celebrated on the 21<sup>st</sup> of March each year. This date signifies the three copies of chromosome 21 that all people with Down Syndrome have. To help spread awareness for World Down Syndrome Day, we are asking everyone to wear colourful/ odd socks on Wednesday the 17<sup>th</sup> March, donations are welcome. All donations go to the Down's Syndrome charity. Thank you!

When our chromosomes are lined up, they look like lots of socks hanging on a washing line, people with Down Syndrome have one extra copy of Chromosome 21
