

WELCOME TO YEAR 3!

Staff:

Mrs Gittins- Class Teacher

Mrs Quinn- TA

Mr McKenna- TA

PE Days

The children will have PE every Tuesday afternoon and Wednesday morning. They can come to school in their PE kits which (wherever possible) should be black shorts/tracksuit bottoms and a white T shirt they can wear their school jumper

or cardigan with this. Earrings should be removed during those days so that children can be safe in their lessons, if this is not possible then please cover their earrings with a plaster.

Punctuality and attendance.

The doors to the classrooms will open at 8:45 each day and the register will be done at 8.55. Children who arrive later than that will be marked as late in the register. We encourage children to attend school as often as possible and as a school we are working hard to improve attendance.

Water

Water is available in class for those children without a water bottle. I do encourage children to bring their own and refresh it every day with **water** from home. I do not encourage children to bring juice in their water bottles as it is very bad for their teeth.

Topics

Yabadabadoo (Stone Age)

Chocolate

Yuk

Romans

Liverpool

Rainforests

The first topic that the children will learn about is 'The Stone Age' this will be accompanied by the science topic of 'Rocks and Soils'.

Reading and Homework

Children should read at home at least three times a week. Homework sheets are optional. Spellings will come home to be practised as the year progresses.

I am very much enjoying getting to know your children again and I have really noticed how grown up they are getting. You should be very proud of all of them.

As before, I am happy to speak with parents before or after school where possible so please approach me if you need to discuss anything at the start or end of the day.

Thankyou in advanced for your continued support of the school.
Roz Gittins
